WoodWay | LED Lightbars

• Legacy™ Series

Reminiscent of the original Freedom Series, the Legacy Series features LEDs of outstanding quality and comes with new, additional functionalities to maximise performance and reliability. A Legacy lightbar provides that boost of confidence and peace of mind that only equipment of the highest standard can offer.

Variations available, contact us for more information!

• Justice™ Series

The popular Whelen Justice Series uses the latest Whelen® LED technology, providing a cost-effective and low profile warning package. The Justice™ lightbar range includes a number of different variants to suit all needs.

Variations available, contact us for more information!

WoodWay | LED Lightbars

- **Century™ Series**

The Century™ Series are a range of low profile lightbars designed for long life reliability and ease of operation.

Variations available, contact us for more information!

WoodWay | LED Beacons

• L41 Series Beacon

Ultra high-intensity LED technology rivals strobe in intensity and draws far less power. LED light source has a rated life that exceeds that of strobe flash tubes by more than 50:1.

Variations available, contact us for more information!

• L31 / 32 Series Beacon

The brightest 360° LED Beacon in the industry! Super-LED optical design packs all the punch of strobe while retaining the superior performance characteristics of LED. Rugged and low profile, the L360 Series features a built-in flasher with selectable flash patterns, Hi/Low intensity, built-in cruise lights and synchronization feature.

Variations available, contact us for more information!

WoodWay | LED Beacons

- **L50 Series Beacon**

Economical, compact, self-contained Super-LED® beacon for universal applications. The L50 Series feature LED technology which rivals strobe in intensity and draws far less power.

Variations available, contact us for more information!

WoodWay | LED Lighthoods

- **Vertex™ Series**

Only 7/8" (22mm) in height, this small LED lighthood is perfect for applications where size and intensity are critically important. Self-contained unit using an in-line combination lamp driver/flasher. Due to its small size it can also be surface mounted to anywhere outside of the vehicle.

Variations available, contact us for more information!

- **ION DUO™ / ION TRIO™ Series**

One of the smallest and most versatile Super-LED® lighthoods in the industry today, the ION™ Series from Whelen® has been re-engineered with Linear optics and is available with DUO™ or TRIO™ technology..

Variations available, contact us for more information!

WoodWay | LED Lightheads

- **ION™ V-Series™**

Kicking it up a notch from the versatile V-Series is a feat only Whelen could achieve! Now you can add the ION Super-LED superior, compact lighting performance in a housing that stands alone with Dash & Deck mounting. Expect even more performance, more features, more warning!

Variations available, contact us for more information!

- **LINZ6™ Series / V-Series**

Compact rugged lighthead that shrugs off moisture and road shock while giving you maximum performance... anywhere on your vehicle!

Variations available, contact us for more information!

Just a selection of customer favourites...
