Environment and Sustainability

Nikkalite® sheetings are manufactured by Nippon Carbide Industries (NCI), a Japanese based company. Japan was one of the early signatories to the legally binding 1998 Kyoto protocol for the reduction of greenhouse gases and CO² emissions. In addition NCI are required to comply with Japanese Laws concerning Energy Conservation and Recycling and together we are working to reduce our impact on the environment. Rennicks Approved Gold Converter 2020 Marketing Pack

Dear Lee Whitehead

Congratulations on achieving the Rennicks UK Gold Converter Accreditation. I am pleased to enclose your marketing pack which includes the following items:

- Approved Gold Converter Logo
- Approved Gold Converter Certificate
- Sample blog to announce approval, including quote from Rennicks
- Sample social media posts to announce approval

I would like to take this opportunity to thank you for your interest in Nikkalite® from Rennicks and wish you all the best for 2020.

Best wishes,

Ross Bullerwell
Managing Director
Rennicks UK

MARKETING PACK

Approved Gold Converter Logo

As an Approved Gold Converter, you are welcome to include the following logo in your marketing literature and on your website.

Download hi-res logo [here](#) where you will find various formats available.

Approved Gold Converter Certificate

You will have been presented with an electronic copy of your certificate. Should you wish to receive a printed copy, please contact us.

Announcement of Approval Status

If you would like to announce that you are an Approved Rennicks Gold Converter, we have drafted a sample blog and some sample social media posts which you are free to use.

Sample Blog

Fleet ID Awarded Gold Status Approval

We're delighted to announce we have been awarded Approved Gold Converter Status for Nikkalite® Flexible Crystal and Engineering Grade materials from Rennicks UK.

Nikkalite® liveries provide exceptional early recognition of the vehicle's position to other road users in all weather conditions, day and night, due to their high retroreflectivity.

We have been externally audited across all of our material handling and manufacturing processes. This means our customers have full assurance that all aspects of our products meet the highest standards in terms of both intrinsic quality and production.

Sean Coffey, Technical Manager at Rennicks said, *"It is with pleasure that we are able to confirm our valued client, Fleet ID has been fully assessed and has surpassed all the requirements of our Rennicks Gold Status Converter Programme."*

In partnership with Rennicks, we are able to offer our customers a Nikkalite® backed warranty giving reassurance and peace of mind.

Sample Social Media Posts

Twitter:

"We're delighted to announce we have been awarded Approved Gold Converter Status for Nikkalite® Flexible Crystal and Engineering Grade materials from @Rennicks_UK."

LinkedIn:

"We're delighted to announce we have been awarded Approved Gold Converter Status for Nikkalite® Flexible Crystal and Engineering Grade materials from Rennicks (UK) Ltd. We have been externally audited across all of our material handling and manufacturing processes. This means our customers have full assurance all aspects of our products meet the highest standards in terms of both intrinsic quality and production."

We would like to support you by sharing your content across the Rennicks social media channels. To enable us to do this, it would be helpful if you could please tag Rennicks in any Nikkalite® related posts you would like us to share. Images can increase social media engagement, so where possible we would recommend including a photo of the liveried vehicles.

Rennicks social media channels are:

LinkedIn - [Rennicks \(UK\) Ltd](#)

Twitter - [@Rennicks UK](#)

You may also use the hashtag #RennicksApprovedGoldConverter.

Additional PR Opportunity

You will see from our [website](#) that we run a number of client case studies. If this is something you would be interested in, please get in touch with our Marketing Manager (contact details below).

Marketing Contact
